Introduction

*"Why, man, he doth bestride the narrow world
Like a Colossus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Background Planetary Placements

Each entry in this list relates to an astrological placement that affects the natal chart of this individual for a period of time. The entries are sorted by planet, and by the date on which each period starts. Note that some planets are slow moving, and may remain in the same placement for the entire duration of the report, whereas other faster moving planets may move into different houses or signs a number of times during the period of the report.

TRANSITING URANUS IN THE 2ND HOUSE - Sudden changes in your income are likely during this period. This could be either a sudden increase or fall in income. TRANSITING NEPTUNE IN THE 1ST HOUSE - This can be a highly spiritual time when you feel that you are inspired to great feats in your own life and through your intimate relationships. However, often you have to deal with the feeling of first fighting through a fog to achieve your goals. If you push too hard then you are in danger of falling prey to ill health. You also have to beware of the land of illusion, for right now life has taken on a dreamy and idealistic theme, and you may be seeing everything through rose-coloured glasses. Therefore also watch out for deception. It is much better to slow down and use this time to ponder on the spiritual values which you would like to reflect in your own life and through your relationships. Relax as much as possible and enjoy some time by the ocean, or inspiration through the creative arts or spiritual pursuits. This way your idea of yourself and your relationships will be changed in the best possible way.

TRANSITING CHIRON IN THE 1ST HOUSE - This can be a time of pain and a time of healing. On the one hand you may experience a painful situation which triggers memories of childhood wounds. This may even be a physical wound or illness. On the other you may have the chance to heal a painful situation which has haunted you for some time. Forgiveness, either of yourself or other's actions, may feature strongly during this time. Whatever the circumstances, this is a time when you come to a greater understanding of yourself and your purpose in the world, which in itself is a very healing experience. When you look back on this time you will also gain further insight into the bigger picture of your life, seeing with hindsight how this period contributed significantly to your life.

Transiting Events

Each entry in this list relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are also included.

══											

30 Oct 2007 (11 Sep 2007 to 19 Dec 2007)

TRANSITING NEPTUNE SQUARE RADIX MIDHEAVEN - This can be a confusing time when you ask questions such as: What am I doing with my life? Where am I heading? What am I achieving? Someone or something may be subtly testing you at work, causing you to lose self-confidence. It is not a good time for clear thinking and decision-making in your career. However, it is a good time to reflect on your career choices and how you could express more of your true creative self at work in the future.

══											

5 Oct 2007 (26 Sep 2007 to 15 Oct 2007)

TRANSITING SATURN TRINE RADIX JUPITER - This is a positive time when you can achieve a balance between your need for security and your need for exploration. You have the ability to make plans that propel you closer to your goals. You may be fortunate in attracting the resources that you need for your purpose during this transit. You would do well to make the most of your opportunities. Like a professional mountain climber, you can plan all aspects of your life ready for the journey, and steadily make it to the top. Confident in yourself and your ability to reach your objectives, you are capable of compromise. Others respect your achievements and abilities. This is the transit of hard-earned rewards either reaping or sowing, particularly in business dealings and your professional life.

Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep
══											

18 Oct 2007 (8 Oct 2007 to 29 Oct 2007)

TRANSITING SATURN SQUARE RADIX NEPTUNE - This is a time of confusion, lethargy and possibly depression. It is as if everything has taken on a dull sheen. Everyday tasks take on mountainous proportions and you are often tired. Perhaps you need a good holiday? If possible, you could really benefit from some time in natural surroundings such as by the ocean, or in the countryside. It is also the ideal time to treat yourself to some time listening to soothing music or attending inspirational concerts, theatre, dance, opera or film. In fact you may also enjoy taking up a creative pursuit. Rather than force yourself to shoulder too many responsibilities, take some time to contemplate your life in a gentle, reflective light. This is a good time to replenish your dwindling energy. If you take the time to soothe your troubled soul now, then you will be feeling refreshed and ready for the next phase of your life.

2007			2008								
Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep
══											

11 Nov 2007 (7 Nov 2007 to 16 Nov 2007)

TRANSITING JUPITER SQUARE RADIX MERCURY - Generally speaking this is a positive time during which you receive good news, positive outcomes to transactions and easy execution of your goals and plans. You are open-minded and eager to share ideas with other people. You are confident in your own opinions. However, you do have to be careful how you go about your business. On the one hand you are confident and optimistic and other people respond positively with special gifts, support and favours. However, you also have the tendency to be grandiose, lacking tact and diplomacy. In other words, if you are not careful, you can be opinionated and blunt. Others may be quick to point out these faults, which you find irritating rather than helpful. Before you know it your positive dealings have spiralled into a maze of mis-communications. This is easily avoided if you show some restraint in your communications with others. Once you have learned diplomacy then you are likely to benefit from anything that involves contracts, transactions, study, teaching, travel and the media.

══											

15 Nov 2007 (11 Nov 2007 to 20 Nov 2007)

TRANSITING JUPITER SQUARE RADIX MOON - Watch out for indulgence during this transit. You are likely to go all-out in an effort to achieve comfort and pleasure. The trouble is that you lack the ability to balance your need for emotional security with your enthusiasm for the pleasures of life. The result can be a lackadaisical approach to life which irritates others and gets you nowhere fast. Tensions may surface on the domestic scene.

══											

18 Nov 2007 (13 Nov 2007 to 23 Nov 2007)

TRANSITING JUPITER TRINE RADIX VENUS - Right now you are in a phase that favours all relationships. Fortune is smiling on you, particularly in the areas of romance and money. This is a wonderful time for romance. You are in love with life and your joy is contagious. If you are married, then your marriage is likely to flourish as you rekindle the flames of love. Make the most of this period by renewing your efforts to communicate with your spouse in a fun loving manner. If you are unmarried, then you may meet someone and fall in love. In fact you are likely to attract many favourable relationships, ranging from friendships to benefactors at work. You enjoy social occasions and others enjoy your company. You are in for some peaceful and happy moments. Therefore it is a good time to accept social invitations and take part in fun activities. Your finances are also likely to improve during this period. Investments may pay off. Influential people may bestow gifts. You need to make the most of the opportunities that arise during this phase without squandering your luck on ill-gotten gains or unappreciative friends and love interests.

8 Feb 2008 (3 Feb 2008 to 13 Feb 2008)

TRANSITING JUPITER SQUARE RADIX CHIRON - This is a time during which you are forced to face painful memories, which have haunted you in times gone by, and move into areas that are linked straight to your heart. One person, an important teacher or healer, may enter your life to help you grow in ways you never thought possible. It is also possible that you are forced to face your fears of inadequacy or past inhibitions in order to truly express your own teaching and healing talents. Either way the path may be painful, but the result will be wisdom gained through experience.

You are keen to take the initiative and move ahead with your plans. Perhaps you have been planning to travel abroad or to study martial arts? On the other hand you may have been waiting for the go ahead on a special project or for a promotion at work. Now you receive the good news and are able to step into action. Whatever the scenario you are optimistic and ready to go. You are clear that you are heading in the right direction and feel confident of success. And it's true. You do have the drive and good fortune to achieve success during this transit. This is an excellent time to spend plenty of time and energy on your favourite project, with an assurance of reaping what you have sown. You may also enjoy channelling some of your energy into your favourite sporting activities, where you are also assured of success. When it comes to pursuing your goals now is the time to strike while the iron is hot. Others will also notice your leadership abilities and reward you in ways that support your plans. On the whole this is a positive time during which you can really achieve success.

1 Mar 2008 (16 Feb 2008 to 16 Mar 2008)

TRANSITING CHIRON TRINE RADIX URANUS - Now is the time to take a chance and explore new and unusual experiences, to tackle life's problems in an inventive and original way. You are eager to branch out and express your true potential with your sights keenly focussed on the future rather than the past. You feel alive and energetic, prepared to venture forth into unexplored territories, particularly those involving metaphysics, science and computers. And chances are that you will be presented with plenty of opportunities. You may even discover healing or teaching talents that you never knew existed. Make the most of these energies while they last, although do not throw caution entirely to the wind.

Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep

23 Feb 2008 (17 Feb 2008 to 28 Feb 2008)

TRANSITING JUPITER CONJUNCTION RADIX ASCENDANT - This is a favourable time for your health and happiness. Right now you can enjoy joyful occasions, benevolent friends and pleasurable pursuits. You may travel abroad, study a subject that has always fascinated you, achieve success and awards, or simply sit back and enjoy peace of mind. Even if you are not usually a social or optimistic person, right now you are feeling sunny and playful. For this reason your social life is likely to expand. You enjoy socialising more right now, perhaps with people in the higher echelons of society. Your social contacts benefit your life as other people respond to your sunny nature. You are popular. People in high places may bestow gifts on you. If you are married then you spouse may be particularly supportive. You can enjoy a more relaxed and joyful union. Your marriage is more fun. If you are not married, then you may meet a potential partner. Either way you are feeling good about yourself. Now is an ideal time to start a healthy diet or exercise regime, particularly as you are apt to put on weight through too much good food and socialising. Self-improvement courses may also attract you, as you feel generally good about yourself and your relationships. You may also take on a teaching role during this time. Generally speaking this is a time where you learn more about yourself, experience the benefits of good relations and have the ability to make your mark on the world.

2007			2008								
Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep

13 Mar 2008 (24 Feb 2008 to 31 Mar 2008)

TRANSITING URANUS TRINE RADIX MIDHEAVEN - You now have some exciting opportunities for change in your profession. Plans put into action in the past may suddenly pay off or a new and beneficial job offer may come out of the blue. It may also be that you now enjoy the opportunity to study or incorporate new techniques which benefit your current professional status. Either way, under this transit, you enjoy the freedom that comes with change.

19 Mar 2008 (4 Mar 2008 to 6 Apr 2008)

TRANSITING CHIRON SQUARE RADIX MIDHEAVEN - It is time to make changes in your career and life direction, letting go of any career aspirations which have become redundant. This could mean a simple change of job, which is still linked with your chosen profession, or it could involve a more encompassing change of direction. It is important that you make the professional changes which will place you more firmly in line with the path which lies closest to your heart. A professional healer or a spiritual teacher may come into your life to help in this process of change.

2007			2008								
Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep

13 Mar 2008 (7 Mar 2008 to 20 Mar 2008)

TRANSITING JUPITER SQUARE RADIX URANUS - During this transit you tend to feel irritable and frustrated as you want to break free of past restrictions. Rebellion can be a major problem, particularly if you feel that something or someone is standing in your way. The trouble is that you have your sights set unrealistically high and lack your normal powers of discrimination. Life takes on a reckless quality as you crave excitement. It would be better if you could make the most of new and exciting opportunities while showing some restraint and wisdom.

2007			2008								
Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep

9 May 2008 (17 Apr 2008 to 31 May 2008)

TRANSITING JUPITER TRINE RADIX MOON - This is a feel-good transit. In other words you feel good about yourself, your life and your loved ones. As a result you are particularly warm and loving. Your contentment is obvious to your loved ones, and they want to spend time with you. Right now you know

how to have a good time, and indulge yourself. The only concern is the tendency to go to extremes. You need to be wary of over-indulgence in all things. The temptation is to express your feelings and indulge yourself with no restraint or consideration for others. However, if you can keep a balanced outlook then you and your loved ones benefit from your generous and optimistic outlook. It is also possible that you use this time to make your life, in particular, your home more comfortable. This could simply be purchasing more comfortable furniture and furnishings, or you may make plans to move to a home more suited to your current needs. Your family life may expand in some way. Perhaps a family member will come to stay or perhaps you will give birth to a child. Either way you are likely to welcome these changes. This is a positive move, as long as you take everyone's needs into consideration.

2007			2008								
Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep

12 May 2008 and 13 Aug 2008 (18 Apr 2008 to 9 Sep 2008)

TRANSITING URANUS CONJUNCTION RADIX MERCURY - A lightbulb has gone off and you can't switch it off. It is almost as if you woke up one night with a bright idea and now you can't stop thinking about all of the new possibilities in your life. It is also possible that a sudden event or unexpected news sparked changes in your thinking. Your mind is active and you are open to new possibilities. For this reason this is the ideal time to start any creative project that requires innovative thinking. You are very inventive right now and all of your projects will reflect this newfound influx of ideas. Your ideas may be ahead of their time, but you are happy to simply put them into action and see what happens. Your intellectual prowess also extends to your personal life. You are seeing many facets of your life in a different light. This can be a very exciting time during which you pave the way for a new outlook. It can also be a bit unsettling if you prefer the comfort of an ordered life. The sudden and erratic change of circumstances forces you to discard habits that have kept you in a rut. Being forced out of your comfort zone may make you insecure, but you can be reassured that in the long-term you will be thankful. This phase is offering you a new lease on life. It is also an ideal time for writing or any communication that requires an agile mind or tongue. It is also a good time for studies, particularly in fields such as astrology, science, politics, caring for the environment, technology and electronics.

2007			2008								
Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep

9 May 2008 (29 Apr 2008 to 19 May 2008)

TRANSITING JUPITER SQUARE RADIX VENUS - Although this can be a positive time for socialising with loved ones, there is also an element of tension. This could be because you are expecting too much from your nearest and dearest, or it could be that they are asking too much from you. You find it difficult to please yourself and other people. There has to be a balance between the adventures of life and the routine daily demands. Right now one of you is seeking only the adventure and this is causing tension. It is often hurtful when one person in a close relationship upsets the balance, so it is understandable if you are feeling rejected by your loved one. The best approach may be to give the other person a little bit of time to settle down. They may need a little bit of freedom before returning to a more balanced approach to the relationship. On the other hand it could be that the other person's insensitivity to your relationship is the straw that breaks the camel's back, as far as you are concerned. If you are the one who is acting in a rash manner then you would be wise to listen to other's concerns and show a little restraint. In astrology Jupiter is considered to be a positive influence. Therefore it is more likely that things will settle down with positive results from this topsy-turvy time.

2007			2008								
Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep

19 Jun 2008 and 4 Jul 2008 (6 May 2008 to 19 Aug 2008)

TRANSITING URANUS OPPOSITION RADIX MOON - Life takes on an unpredictable quality, brought about either by your own actions or by changes thrust on you. Your home life and relationships with loved ones, particularly women, are subject to the disruptions of this transit. The changes may be emotionally distressing or exciting, depending on your ability to adapt to new circumstances. If you have been feeling unsettled and craving excitement then you are likely to enjoy the changes being suggested by your loved ones. However, if you prefer the comfort of routine then you may feel a little insecure. The trick is to remain as open-minded as possible. The more that you can remain flexible and accepting, the more you will experience a sense of freedom and excitement rather than distress. You are being challenged to leave behind old habits which may be comfortable but which are holding you back from achieving your full potential. The results at the end of this transit are liberating; it is simply the path, which can be a little rocky. Once you are accustomed to the changes in your lifestyle then you will wonder why you didn't change earlier. You will thank your loved ones and feel younger, freer and a lot happier. This is your opportunity to stretch your wings and reach your full potential, with a little help from your friends.

You have the ability to make plans that propel you closer to your goals. You may be fortunate in attracting the resources that you need for your purpose during this transit. You would do well to make the most of your opportunities. Like a professional mountain climber, you can plan all aspects of your life ready for the journey, and steadily make it to the top. Confident in yourself and your ability to reach your objectives, you are capable of compromise. Others respect your achievements and abilities. TRANSITING SATURN SQUARE RADIX NEPTUNE - This is a time of confusion, lethargy and possibly depression. It is as if everything has taken on a dull sheen. Everyday tasks take on mountainous proportions and you are often tired. Perhaps you need a good holiday? If possible, you could really benefit from some time in natural surroundings such as by the ocean, or in the countryside. It is also the ideal time to treat yourself to some time listening to soothing music or attending inspirational concerts, theatre, dance, opera or film. In fact you may also enjoy taking up a creative pursuit. Rather than force yourself to shoulder too many responsibilities, take some time to contemplate your life in a gentle, reflective light. This is a good time to replenish your dwindling energy. If you take the time to soothe your troubled soul now, then you will be feeling refreshed and ready for the next phase of your life.

TRANSITING JUPITER SQUARE RADIX URANUS - During this transit you tend to feel irritable and frustrated as you want to break free of past restrictions. Rebellion can be a major problem, particularly if you feel that something or someone is standing in your way. The trouble is that you have your sights set unrealistically high and lack your normal powers of discrimination. Life takes on a reckless quality as you crave excitement. It would be better if you could make the most of new and exciting opportunities while showing some restraint and wisdom.

TRANSITING SATURN OPPOSITION RADIX SUN - There are moments in life when we reap the rewards of our hard work. Alternatively these moments can also be the consequences of poor decisions in the past. Hence this period of your life is a time of reckoning. The more that you have worked to achieve your goals with integrity and the co-operation of your loved ones on the home front or colleagues on the work front, the more that you reap the benefits. However, if you have shirked your responsibilities or alienated those closest to you in recent times then you are like to find this phase of your life quite difficult. It is time to put things right. Life may seem like an endurance test, which you are facing alone. Do not despair you have the ability right now to persist and put things right. Only you can answer the question of what needs to be achieved during this phase, whether this is reaping the rewards of your hard work or needing to make up for past mistakes. You may feel tired, worn out and old as your list of jobs seems overwhelming in comparison with your time and energy. There may be delays in your projects or simply a

feeling that the fruits of your current labours are hard to see right now. It is a time to ponder on your priorities and discard any tasks that may be blocking your path, while shouldering responsibility in the areas, which are important. Meditation may be useful. Certainly it is a time to watch your diet and health. Although success may seem illusive during this phase, do not despair. Whether you realise it or not you are putting in place the building blocks for the future.
